

MILITARY KIDS TOOLKIT

Support military children in your school

K-12 Toolkit

What is the K-12 Military Kids Toolkit?

The K-12 Military Kids Toolkit is a free electronic kit that includes an online Educator's Guide and fourteen lessons of curriculum.

The curriculum can be implemented in a small group or classroom-style setting by a school counselor or social worker. The lessons cover deployment-related topics such as stress, coping, communication, positive thinking, changing family roles and fostering resilience.

The Educator's Guide is a compilation of resources and helpful websites to help educators understand the unique needs of military-connected youth.

Access

To access the free curriculum:

Register at <https://mnarngfamilyprograms.wufoo.com/forms/application-for-military-kids-club-toolkit/> and you will be provided a link to download the curriculum.

After downloading the curriculum:

1. Promote the K-12 Military Kids Toolkit within your school or community
2. Implement the lessons in a small group or classroom setting such as a Military Kids Club
